

## **Raheja QBE facilitates online motor claim settlement**

Raheja QBE General Insurance (RQBE) recently launched a live-streaming facility for motor claims settlement. With this tool, claims can be initiated through an iOS app. The feature also offers an option to book and schedule survey appointments. The survey will be done via a mobile app or through a link as per the customer's convenience. This eliminates the process of physical inspection of the vehicle by a surveyor.
