Raheja QBE General Insurance (RQBE) recently introduced the launch of 'Corona Kavach' Policy. This new indemnity health policy will offer cover against medical expenses incurred due to hospitalization of individuals seeking treatment for COVID-19. It can be availed for self, spouse, parents, parents-in-law and dependent children.

Corona Kavach Policy provides cover for COVID related hospitalization, coverage towards pre and post hospitalization, Home-Care Treatment, Road ambulance and AYUSH treatment. The product has an Add on cover (available on payment of additional premium) where the policyholders will also be paid fixed daily amount as hospital daily cash, which will be 0.5% of sum insured per day for a maximum up to 15 days, during a policy period. The policy coverage is available for the duration of 3 ½ month, 6 ½ month and 9 ½ month.

Mr. Pankaj Arora Managing Director and CEO, Raheja QBE General Insurance said, "COVID-19 has been a challenge for people from all walks of life. The ongoing global battle with the COVID-19 pandemic has created an uncertainty and in such trying times securing your health and taking the right precautions is of more importance than ever. At Raheja QBE General Insurance we're glad to have the opportunity to aid individuals' lives by introducing the Corona Kavach Policy. We're committed to this battle against the pandemic and are confident that this customer friendly policy will provide access to quality and affordable care to the policyholders in these unprecedented times."
